## *01 Communique Announces Completion of Non-brokered Private Placement*

---

**TORONTO, ON –January 7, 2025.** 01 Communique Laboratory Inc. (the "Company") (TSX-V: ONE; OTC Pink: OONEF), one of the first-to-market, enterprise level cybersecurity providers for the quantum computing era, is pleased to announce that it has closed a non-brokered private placement of units ("Units") with several strategic investors led by Antanas Guoga (Tony G) for gross proceeds of \$920,000. Pursuant to the offering the Company issued a total of 4,000,000 Units. Following the closing of the offering, the Company has 100,364,554 common shares issued and outstanding.

The securities issued in connection with the offering were issued pursuant to applicable exemptions from the prospectus requirements under applicable securities laws. In addition, Tony G along with the other investors have voluntarily agreed to a contractual hold (in addition to the regulatory four month hold period) for twelve months which hold will expire on January 7, 2026.

Tony G stated, "I made this investment with a long-term perspective on the Company and the potential for its Post Quantum Cryptography ("PQC"). I am impressed with the management at 01. With over 25 years of industry experience, they have demonstrated to me their longevity and I fully expect the Company to continue to lead the way with innovation and excellence. Their forward-looking vision, coupled with patented cutting-edge PQC technology I believe sets 01 apart in the industry. I am excited about the Company's prospects and confident in its ability to lead the way in quantum-safe cryptographic technologies."

Each Unit was issued at a price \$0.23 and consists of one common share in the capital of the Company (a "Common Share") and one Common Share purchase warrant (a "Warrant"). Each Warrant entitles the holder thereof to purchase one additional Common Share at an exercise price of \$0.75 per Common Share at any time on or before January 7, 2028. No finders' fees or commissions were paid by the Company in connection with the completion of the offering.

The Company expects to use the gross proceeds of the offering of Units for product development and general working capital purposes.

The securities issued under the offering have not been, and will not be, registered under the U.S. Securities Act or any U.S. state securities laws, and may not be offered or sold in the United States or to, or for the account or benefit of, U.S. persons absent registration or any applicable exemption from the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws.

### **About 01 Communique**

Established in 1992, 01 Communique (TSX-V: ONE; OTC Pink: OONEF) has always been at the forefront of technology. The Company's cyber security business unit focuses on post-quantum cybersecurity with the development of its IronCAP™ product line. IronCAP™'s technologies are patent-protected in the U.S.A. by its patents #11,271,715 and #11,669,833. The Company's remote access business unit provides its customers with a suite of secure remote access services and products under its I'm InTouch and I'm OnCall product offerings. The remote access offerings are protected in the U.S.A. by its patents #6,928,479 / #6,938,076 / #8,234,701; in Canada by its patents #2,309,398 / #2,524,039 and in Japan by its patent #4,875,094. ### **Cautionary Note Regarding Forward-looking Statements.**

Certain statements in this news release may constitute "forward-looking" statements which involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or

achievements of the Company, or industry results, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. When used in this news release, such statements use such words as “may”, “will”, “expect”, “believe”, “plan”, “intend”, “are confident” and other similar terminology. Such statements include statements regarding the expected use of proceeds of the offering, the commercial success of IronCAP X™, the future of quantum computers and their impact on the Company's product offering, the functionality of the Company's products and the intended product lines for the Company's technology. These statements reflect current expectations regarding future events and operating performance and speak only as of the date of this news release. Forward-looking statements involve significant risks and uncertainties, should not be read as guarantees of future performance or results, and will not necessarily be accurate indications of whether or not such results will be achieved. A number of factors could cause actual results to differ materially from the results discussed in the forward-looking statements, including, but not limited to, the factors discussed under “Risk and Uncertainties” in the Company's Management's Discussion and Analysis document filed on SEDAR+. Although the forward-looking statements contained in this news release are based upon what management of the Company believes are reasonable assumptions, the Company cannot assure investors that actual results will be consistent with these forward-looking statements. These forward-looking statements are made as of the date of this news release, and the Company assumes no obligation to update or revise them to reflect new events or circumstances.

Neither TSX Venture Exchange (“TSX-V”) nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
